Statewide Super and Hostplus are merging

On 29 April 2022, Statewide Super will merge with Hostplus, creating a multi-sector national fund with more than 1.5 million members, 282,000 contributing employers and more than \$82 billion in investments for members.[^] Statewide Super accounts will be automatically transferred, meaning from 30 April 2022 Statewide Super members will become members of Hostplus. This is referred to as a ‘*successor fund transfer*’.

Merging the funds will bring opportunities for greater scale and cost efficiencies, which both trustees believe will result in enhanced member choices, services and outcomes. We expect Statewide Super members will pay lower administration fees over the short to medium term and enjoy a broader product offering.

This *Merger Guide for NT Government* outlines the various changes that may impact you as an employer before and after the transition. It also explains how to make your future contributions to Hostplus, as a current Statewide QuickSuper user.

What the merged fund will look like [^]

Statewide Super		Hostplus		Total
 152,000 members	+	 1.384 million members	=	 over 1.5 million members
 \$11.9 billion assets	+	 \$70.9 billion assets	=	 \$82.8 billion assets

[^]Numbers are based on the net assets available for member benefits and member numbers as at 31 December 2021.
