

# Significant Event Notice.

For members of Hostplus Executive

14 September 2021

---

**i** This Significant Event Notice contains important updates relating to changes to Hostplus Executive which may impact your insurance arrangements from 1 November 2021, if you have a Hostplus Executive employer default Income Protection arrangement. Please take the time to read through the important information provided and please refer to the Hostplus Executive Product Disclosure Statement (PDS) dated 1 July 2021 and the Additional Information booklet dated 1 July 2021 on our website.

---

## Income Protection insurance premium rates to increase from 1 November 2021.

On 1 November 2020, insurance premiums for Income Protection cover increased for Hostplus Executive members that had obtained income protection cover on a voluntary opt-in basis. The increase did not apply to any Hostplus Executive member who was covered under an employer default Income Protection arrangement; instead these members were subject to a Plan Rating Factor (PRF) that had the effect of maintaining the original premium level.

However, from 1 November 2021, Hostplus Executive members who are covered under an employer default Income Protection arrangement will be subject to the same Income Protection insurance premiums that were previously applied to voluntary opt-in Hostplus Executive members in November 2020.

## Why are Income Protection insurance premiums changing?

We regularly review our insurance offering to make sure it continues to meet the changing needs of our members and provides members with the best-value cover possible.

On 1 April 2020, the Government's 'Putting Members Interests First' (PMIF) laws required Hostplus to change the way we offer insurance to younger members and members with low-balance accounts. This was in addition to the 'Protecting Your Super Package' (PYSP) reforms that took effect on 1 July 2019, which removed all default insurance cover for members with inactive accounts.

The introduction of these reforms along with changes to membership demographics and an increase in disability claim volumes, has led to increases in the cost of our Income Protection insurance.

## How much are Income Protection premiums increasing by?

Income Protection premiums for the 2-year benefit period will increase by 22.3%. Income Protection premiums for the 'To age 65' benefit period will increase by 73.7%.

## What are the new Salary Continuance premiums?

Management/Clerical (White collar) - Annual rate of Premium per \$100 Monthly Benefit

65	\$13.46	\$12.80	\$8.15	\$7.28	\$6.23	\$4.72

The rates shown have been rounded up to two decimal places for ease of use, the actual premium rates applied to your account are to four decimal places.

Please refer to section 8.18.26 of the Hostplus Executive Additional Information booklet, dated 1 July 2021, for full details of the current Salary Continuance premiums.

## **How will the increased premium rates be applied to me?**

You will be notified of a new Plan Rating Factor (PRF) that when applied to the Income Protection premium rates will have the effect of increasing your Income Protection premiums by the above amounts, commencing 1 November 2021.

Please refer to sections 8.18.26 and 8.18.28 of the Hostplus Executive Additional Information booklet, dated 1 July 2021, for full details of the current Income Protection premiums and information about the Plan Rating Factor.

## **No changes to group life cover premiums**

Importantly, there was also no change at that date to the insurance premiums for Death and Total and Permanent Disablement (TPD) cover.

## **What other options do I have?**

We recognise that you may wish to review your level or type of Income Protection cover as a result of these premium increases. Two ways that you can do so is to consider whether to vary your Income Protection waiting period and benefit period. Premiums vary depending on which waiting period or benefit period you choose. Generally, the longer the waiting period and the shorter the benefit period, the lower the premium.

If on reviewing your Income Protection insurance arrangements you decide that you instead wish to reduce or cancel your current level of cover, you can apply to do so at any time.

If your employer currently meets the cost of your Income Protection premiums, you should be aware that any variation you make to your cover will generally mean your employer will no longer agree to meet these costs. We recommend you seek confirmation from your employer about the possible impact to you; as well as consider seeking your own financial guidance or advice before making any changes to your insurance cover.

Please refer to the Hostplus Executive Additional Information booklet, dated 1 July 2021, for full details on how to cancel your insurance cover (section 8.7) and more information about varying the Income Protection waiting periods and benefit periods (section 8.18.8).
